Roadtour^{XUV}

Introduced just last month, the new Hercules Roadtour^{XUV} offers all-weather performance, a quiet, smooth ride and, along with the Roadtour⁶⁵⁵, the best fuel efficiency in the Hercules line-up. A new size has been added to the offering:

- 235/65R18 – Ford Explorer, Dodge Nitro

This size joins the following fitments available for order:

- P255/65R18 T – Buick Enclave, Chevy Traverse, GMC Acadia, Saturn Vue
- 225/65R17 T – Chevy Equinox, GMC Terrain, Dodge/Chrysler minivan models
- 235/65R17 H – Jeep Grand Cherokee, Ford Edge, Chrysler Pacifica, Honda Odyssey

Another seven sizes are planned – two of which will be available 4th quarter and the others, in early 2012.

Call your local TDW for pricing or with any questions you might have. As always, you can go online to order these new products and go to www.tdwonline.net for product information.

Thank you for your continued business.

Sincerely,
